Rishabh Garg

Senior Software Engineer | 5+ years Full Stack experience | Java,
JavaScript, Mongo | BITS PILANI | Looking For New Opportunities
New Delhi Area, India

Summary

I'm a Software Engineer with more than 5 years of work experience
ranging from startups to large enterprises. Through this period I
have developed high scale systems reaching more than 1 Billion
devices that consume data entries at a rate of 1M/sec, enterprise e-
commerce applications used by Fortune 500 companies, and fiddled
with mobile app development amongst other things.

Looking out for new challenges with love for problem-solving,
learning new technologies, and creating seamless user experiences.

Experience

CleverTap
3 years 1 month

Engineering Team Lead
May 2019 - Present (1 year 3 months)
Mumbai, Maharashtra

Developer
July 2017 - April 2019 (1 year 10 months)
